

LRCHS CLASS RECORDS

FROM THE KEEPER OF THE LIST

A long time ago in the world, the LRCHS class of 1957 started a project to make a **personal** contact with all living classmates and confirm the status of the others. The information we looked for was:

Name
Address
City, St, Zip+4
Spouse:
E-Mail Address:
Phone#
Cell#

It has been maintained confidential but is on record. Ralph Erwin, I believe, started this project and was able to hold on to life to see it through, and to attend the reunion. He then passed on July 5, 2007 to a better life, after a long battle with cancer.

Now, to my point; we have done the best we can to keep the data current through our Web Master, Charles Humphrey and our website www.lrchs57.com. Charles has done us a magnificent job as we are the envy of many other classes.

Now is where you come in; Please keep us informed of **any** changes in your data and any changes you know of of other classmates. We are rapidly approaching 2012, the proposed date of our 55th reunion and **DO NOT** want to try and "*reinvent the wheel*". If you know of any changes that need to be made please forward to the web site or to Don Payne at payne04@sbcglobal.net.

Your assistance and help will be greatly appreciated.

Remembering 1957,

Don Payne, LRCHS '57
